Approval of Minutes

09/30/2022 meeting minutes were approved with no corrections.

OLD BUSINESS

NEW BUSINESS

- Review of the Hazardous Communication Program:
 - Should the chemical inventory list be included?
 - Chemicals that are purchased in bulk then transferred to secondary containers must be labeled clearly with all hazard information. Is this happening on campus?
 - Supervisors are required to train employees. How do we ensure that employees get this training? Glen will look into this and let us know.
- Campus safety concern:
 - Wobbly goal posts on the Baker field adjacent to HJT parking lot. John Eckel will visit with athletic department staff to confirm if goal posts are still needed, then submit a Facilities Service request to either fix or remove the goal posts. He will also look into removal of the sled on railroad tracks.
- Glen reports there were no accidents on campus since last meeting.

Please review Chemical Hygiene Plan to discuss at the next meeting.

Next meeting is scheduled Friday, January 20, 2023 at 11:00 am via Zoom.
