Approval of Minutes: 2/24/2023 meeting minutes were approved with no corrections.

OLD BUSINESS

- John thanked Tony for invite to interview EHS Manager candidates recently.
- Science 258 safety update: Glen is working on hazard code review for this room, and will report back.
- Glen is following up on details in the Hazard Communication Program, and will report back. This will take an extensive amount of time, especially in the Hall of Science to review the Chemical Hygiene Plan. John asked all committee members to review this plan for discussion at next meeting. There is concern that not all rooms have a chemical notebook available which is specific to each room.

NEW BUSINESS

- Safety concern: John Eckel has reported a crack in the concrete ceiling located at the bottom of the Sherwood ramp. Facilities staff are looking into the issue.
- No accidents reported on campus since last meeting.

Next meeting is scheduled Friday, April 21, 2023 at 11:00 am via Zoom.
