Join: Anime Club

There are more anime fans out there than you might initially suspect. At Whitman, [Anime Club](#) is the perfect place for both those new to anime and the super fans to connect.

Specifically, Anime Club provides the resources to watch legally streamed anime with an enthusiastic anime student community. An added bonus is that you may discover recommended titles perhaps not typically on your radar.

Currently, there are various members of Anime Club who are also involved in cosplay and anime gaming and who are experienced with conventions. For those interested in learning more about such or those who would simply like to connect with fellow fans, Anime Club is a great space to also forge that connection.

What is your favorite aspect of the Whitman community?

The commitment of professors to my learning and well-being. Especially this semester, I am so thankful for the compassion of my professors and the support they have given me!

I also love all the ducklings in the spring and the great bonding experience of joining a group of students to excitedly watch the ducklings waddle around on your way to class.

"Whitman Today" is produced by the Office of Communications and is emailed Monday-Friday to Whitman College staff, faculty and students. All times are listed in Pacific Daylight Time.
